Quote for August

"We do not remember days, we remember moments"

– Cesare Pavese 1908 - 1950)

Word for August

AGRIVOLTAICS: Dual use of land for both solar panels and agriculture

Welcome to our August Café Bytes, we have made it through the freezing, wet, winter months, and are now on the brink of Spring. There were a few frosty mornings when we thought we might be able to skate on the frozen grass, if brave enough to try.

Christmas in July celebrations will be over, and as New Year always follows Christmas we must be into a new year. Well maybe not yet.

As a reminder of some of the beauty to be seen during Winter we have a feature page of flowers seen during July, thanks to Jess Watt for the appropriate accompanying poem.

As always, we are hoping you enjoy our newsletter, and please remember we welcome contributions, or suggestions, from community members.

We have streamlined our Memberships to Single \$10, Couple/Family \$20 and Business \$50. See inside for details. All funds raised help us to provide more services to the Community.

VIETNAM VETERAN'S DAY—2023

This year marks the 50th anniversary of the end of Australia's involvement in the Vietnam War. Some 60,000 Australians served in the Vietnam War, more than 3,000 were wounded and 523 tragically lost their lives. Originally known as Long Tan Day this was changed officially in 1987 to Vietnam Veterans' Day. This year's commemoration will be held on August 18th.

On the 29th March this year the Prime Minister and the Minister for Veterans' Affairs launched a commemorative medallion to honour those who served in the Vietnam War. The medallion is a small but meaningful way to honour the service of Vietnam veterans and their families.

The launch of the medallions continues the Australian Government's recognition of this significant anniversary throughout 2023, culminating in a national commemorative service on Vietnam Veterans' Day, 18 August 2023.

For more details on the commemorative medallion, including how to apply, or for more information about the other commemorative events planned, visit the DVA website: www.dva.gov.au/vietnam50.

RSLWA Manjimup members will be attending Vietnam Veterans' Day 2023 to be held in Capel, details are as follows:

8.30am - Morning Tea RSL Hall 7, Forrest Road, Capel

10.30am – Muster for March Cnr Forrest Road and Roe Road, Capel

10.45am – March commences to Cenotaph at RSL Hall

11.00am – Commemoration Service

11.30am – Fellowship RSL HALL

12.15pm – Lunch \$20.00 each at Capel Country Club, 11 Goodwood Road, Capel

RSVP by Monday 14th August to rsلمانjimupwa@westnet.com.au or capel.rsl@outlook.com

Manjimup

Towering timbers reaching high,
that span and stretch to touch the sky.

Three rich and regal rivers lie,
with winds that sough sweet lullabies
through sleepy Manjimup.

Where burning jarrah meets the morn
and frost like blankets over lawn
that's where my present self is drawn,
to hometown Manjimup.

The oak and nut trees side by side,
amongst their roots the truffles hide.

Its gentle rivers flowing wide,
beneath cool waters marron bide.

Oh, sleepy Manjimup.

Down there where blackberries spread,
and trees at Christmas, cherry red.
Where cows and sheep and chickens fed.
In tranquil Manjimup.

Where green and golden fields span,
across the rolling pastured land.

Two arches on its borders stand
with welcome and farewell in hand,
to sleepy Manjimup.

The suns gone down, now out of sight,
and dazzling stars replace its light.

I wish sweet dreams and bid goodnight,
to peaceful Manjimup.

A frozen land to winter woke.

The misty morning chimney smoke.

Be still her beauty, I sit and soak
in farming land and country folk.

In sleepy Manjimup.

When springtime melts the frost away,
the birds, like children out to play,
and kangaroos will laze all day.

In cheery Manjimup.

Throughout the day you'll lounge and hear,
the kookaburras laugh with cheer.
By afternoon cold wine and beer
help cement my memories here.
This town called Manjimup.

By Jess Watt ©

Many thanks to Jess Watt for allowing us to share her heartfelt poem about our town.

COMMUNITY BYTE SIZED PIECES

- The Bibbulmun Track Photo Competition and Exhibition entries are now closed but if you want to check out some of the wonderful items on display they will be exhibited throughout August at The Painted Tree Gallery in Northcliffe.
- Footy Finals begin on Sunday August 20th at Pemberton Oval, get your supporter's gear on, rug up and support our local boys, good luck to all the teams.
- MMCC Championship Round 3 will be held on Sat 19th August/ Sunday 20th August at Cosy Creek out on South West Highway. For information and tickets contact: <https://www.manjimupmotorcycleclub.com.au/events-1/mmcc-championship-round-3> or follow them on Facebook.
- The Water Corporation is currently offering their free showerhead program. Change up to two of your inefficient showerheads for WELS4 star rated models. See Manjimup Community Resource Centre Facebook page for details.
- It is wonderful to see the Pemberton Tramways has been purchased by a local family and has re-opened.
- Lots of those empty 10 cent containers are plastic water bottles, often drunk on the go, where limited recycling options are available. Hold onto these and any other 10 cent containers until they can be returned to a Containers for Change exchange point or recycle bin. As the saying goes, don't feed the fill.
- Remember with this cold winter we are experiencing, the Warren Valley Community Church continue to have their supply of blankets and doonas stored in the cupboard outside their entry, if you have spares please drop them in or if in need, you are welcome to collect from the donations.

MANJIMUP SCOUTS

Our local Scouts' Group is always very busy. Congratulations to the volunteer team leaders who give their time and enthusiasm to our local young Scouts.

And here's a recent report of one of their activities:

A wonderful Manjimup Scout Group camp in Northcliffe this weekend.

On Saturday morning, the Scouts hiked in, after camping overnight on the Bibbulmun track. The Joeys and Cubs hiked up Mt Chudalup and later learnt about life 100 years ago at the Pioneer museum in Northcliffe.

On Saturday afternoon, in mixed section patrols, they made and cooked their own campfire dinners.

Finally, Sunday was a day of bushcraft skills for badge work and games!

The best feeling is leaving a Scout camp exhausted but happy!

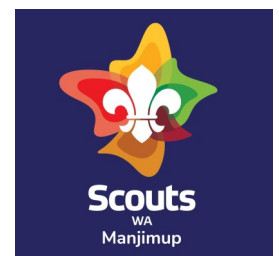

Thanks to the dedication of volunteers, Manjimup Scouts have started 2023 meetings at the Scout Hall, Collier Street.

Joeys 5-7 years Thursday 4 -5 pm.

Cubs 8-10 years Wednesday 5.30-7.30pm

11 Years + Thursday 5.30-7.30pm

ORANGES

Oranges ripening on the tree are a welcome sight at this time of year, their bright orange glow set amongst glossy dark green leaves is a sharp contrast to the grey skies of winter and spring. And once plucked from the tree their distinctive aroma brings thoughts of summer and lazy days ahead.

Sweet oranges are the fruit of *citrus x sinensis* and are a hybrid between pomelo and mandarin. They have been around for a long time, as early as 314BC according to Chinese literature. Oranges are believed to have their origins in southern China and north-eastern India. The Moors introduced the orange to Andalusia in Spain, where large scale cultivation began in the 10th century, sweet oranges were introduced to the Mediterranean area by Italian and Portuguese merchants in the late 15th century. They were considered a luxury and wealthy people grew them in orangeries. As oranges are high in vitamin C Spanish, Portuguese and Dutch sailors planted them along trade routes to prevent scurvy. They are now one of the most cultivated fruit trees in the world and sweet oranges account for approximately 70% of citrus production.

Navel oranges were introduced to Australia in 1824 and in Florida in 1835. In 1870 twelve cuttings of the original tree were sent to California where they thrived and became known as the Washington Navel. As the fruit was seedless this cultivar rapidly spread to other countries and is still popular in Australia today. Other popular varieties include Valencia, Hamlin and Salustiana,

If you want to grow your own oranges, it is worth waiting until the temperature warms up to about 14 deg C. Before planting soak the tree roots in a bucket of water and then plant into a prepared hole or large pot making sure the soil level is the same as the original. Give them a dose of citrus fertiliser and a couple of handfuls of chicken manure now and again. Don't overwater, if the leaves feel firm and are shiny and cool, your plant is happy, it will thrive over spring and summer and reward you next winter with an abundant supply of fresh juicy fruit.

Oranges are an excellent source of vitamin C and are high in dietary fibre. They also contain the B vitamins including vitamin B1 as well as vitamin A, calcium, copper and potassium.

ORANGE PUDDING

Ingredients: 15g Butter, 75g soft brown sugar, 4-5 oranges (use zest of 2), 200g softened butter, 200g caster sugar, 3 eggs, 200g plain flour, 1 teaspoon baking powder, 100g caster sugar, fresh squeezed juice from 4 oranges.

Method: Preheat oven to 180deg C, liberally butter a 23cm cake tin with removable base, sprinkle brown sugar into the tin. Zest 2 of the oranges and put to one side. Peel three of remaining oranges and slice into 1cm rounds, place on top of brown sugar in base of tin. Use a large bowl to cream butter and sugar, add eggs one at a time and beat until combined, add orange zest and mix, fold in flour and baking powder. Pour batter into cake tin and smooth out. Bake for 35 to 40 minutes until golden and firm on top. Use juice from remaining oranges to make orange syrup, you may need to add a little water. Add to a saucepan with 100g caster sugar, bring to the boil and simmer for 5 minutes. Invert pudding onto a serving dish, pour syrup over.

Serve with cream or custard while still warm, delicious!

WINTER SUNRISE

I read a quote recently by American photographer Catherine Opie: "The biggest cliché in photography is sunrise and sunset".

I think she is right, as soon as I see colours appearing in the sky I can't resist rushing out in the early morning to capture it all. I have taken quite a few photos over the years, all with varying backgrounds, sunrise over hills, through trees, out on the ocean, through the car window, it's never planned and sometimes that makes the best pictures.

There is something magical about the early morning light, trees are black and etched against a pale sky, watching the first rays of light begin to appear, colouring the horizon with brilliant red and orange, fading to pale pink. Everywhere is bathed in a soft rosy glow then as the sun rises higher, colours become brighter, sky becomes bluer and a new day arrives.

No sunrise is ever the same but early morning sounds are always clearer, early morning air is crisp and clean bringing with it a new day filled with endless possibilities, it truly is the best time of day.

Liz Coley

SOMETHING TO LOOK FORWARD TO

The Warren Arts Council is very excited to advise that the Manjimup Bluegrass & Old Time Music Weekend will be on again. September 22nd to 24th 2023.

And here's the programme:

Three fantastic Western Australian acts - Boodji Creek, The Whistling Kites and The Lost Followers will be featured.

This 'wholly local' programme is a testament to the growing Bluegrass & Old-Time Music scene in Western Australia and the 2023 Manjimup Bluegrass & Old-Time Music Weekend is proud to showcase the high calibre of these three Bluegrass and Old-Time bands. As well as performing on Saturday night at the feature concert at Tall Timbers Brewery, musicians from each band will be sharing their skills in various workshops and will also be hosting jams over the weekend.

The Friday Night Welcome Jam for all registered participants will be a great opportunity to meet up with old friends and new faces.

Small, artist hosted jams will be held throughout the weekend allowing participants to focus on listening, musicianship and sharing new music & ideas and workshops on offer will include Bluegrass guitar, Old Time Fiddle, Clawhammer Banjo and Mandolin.

The Saturday Night Concert at the Tall Timbers Brewery will feature Boodji Creek, The Whistling Kites and headline act The Lost Followers.

Sunday morning will see Tom Francas and the Lost Cores Jammers share their infectious energy in an 'all in' open bluegrass jam which will be free for members of the public. Weather permitting this will be held on the Sandra Donovan Sound Shell at Manjimup Heritage Park. Workshops and jams continue.

Sunday night will see the return of the very popular Blackboard Concert to the Tall Timbers Brewery. A highlight of previous weekends, this concert provides participants with the opportunity to perform to a welcoming, supportive audience, so if you've got something you're working on or you get together with fellow musicians over the weekend, this is your opportunity to take to the stage!

As always, the aim of the weekend is music making in an inclusive and friendly atmosphere. It's a bring your instrument weekend and those new to Bluegrass & Old Time Music and beginner musicians are especially encouraged to attend.

Details on artist hosted jams & all workshop details will be advised closer to the weekend.

Ticket prices:

Weekend Ticket - \$110: Includes Saturday Night Concert, Sunday Blackboard Concert, access to all workshops & artist hosted jams.

Please note: If you are buying a weekend ticket you do not need to buy concert tickets other than buying concert tickets for any family members or friends.

Early Bird Weekend Tickets: Note – in recognition of the current cost of living pressures organisers have generously subsidised the Early Bird Weekend ticket prices. Early Bird Weekend tickets will be available till August 22nd.

Buy tickets now, search Trybooking for Manjimup Bluegrass and Oldtime music weekend.

Accommodation: The Gateway Motel Manjimup will be freeing rooms up for the MBOTMW participants, to book please phone 97771053.

Looking forward to another great weekend of music this September.

Mary Nixon, President, Warren Arts Council, Manjimup.

NEW HOLLAND HONEYEATERS

Excitable and frequently chattering, these comical little birds are daily visitors to my garden, especially now that Correas and Camellias are flowering. New Holland Honeyeaters (*Phylidonyris novaehollandiae*) are active feeders, busily darting from flower to flower in search of nectar, they will also eat fruit, insects and spiders but their favourite seems to be nectar, particularly Bottlebrushes and Grevillea when they are in bloom.

Mostly black and white streaked with a large patch of yellow on the wings and sides of the tail, a small white ear patch and a white ring around the eye which gives them an inquisitive look, they are forever on the move as they flit from flower to flower. They can be found throughout the Southern region to just north of Perth. If you discover a cup shaped nest made of bark and grasses, all bound together with spider web keep an eye on it as the young leave the nest within 16 days of incubation, that takes about 18 days. They generally lay 2 to 3 eggs in the nest any time of year but mainly during summer and winter, both parents feed the chicks and may raise two to three broods a year.

Being such prolific feeders it's a wonder they have time for chattering but believe me they do, mostly when about a dozen or so decide to visit the bird bath or suddenly depart to check out a new feeding source. They are also very good at joining together in a loud alarm call if they sense danger such as a hawk or other bird of prey. These smart little birds have worked out that while they are small and easily chased, if they form a large group, they can see danger off in no time. This technique seems to work particularly well when the bottlebrushes are flowering and a daily fight for nectar rights is fought with any Wattle Bird daring to infringe on their territory.

They bring a splash of bright yellow to my garden on a cold wintry day, it doesn't get any better than that!

Evergreen and golden ringed,
blooming all year round.
You'll find me by the riverbed,
lounging on the ground.
Perky purple petals,
saluting to the sky
luring in the gazes of
unsuspecting passers-by.
Sweetly perfumed flowers,
lingering in the breeze
attracting more than butterflies,
and swiftly buzzing bees.
Dancing dainty daisies
nestled by the sea,
standing proud and radiant,
they sway so gracefully.
Fields of blooming artistry,
a captivating sight.
To walk amongst their beauty is
to ward off any plight
Wild wattles whispering
sweet native lullabies
of wanderers and travellers
beneath iridescent skies.
They're grace a soft reminder
to be grateful every day,
for we are truly blessed to see
natures artwork on display.

By Jess Watt

DIRT n DUST RUN 2023

The Dirt n Dust run is held every year in October, and this year marks its 5th year. The 2023 Dirt n Dust Car Rally will be held from October 18th – 22nd on gravel and bitumen roads within the Western and Southern areas of WA.

A NEW YEAR AND A NEW CO-DRIVER

Last year my team mate Karen and I, as The Pink Ladies, secured our position as the top fundraisers for Dirt n Dust 2022 and assisted the entire Dirt n Dust team to break the event fundraising record. 2022 was a massive success with over \$114,000.00 raised with the help of teams and sponsors with proceeds donated to Australian Rotary Health for assistance in mental health research. Altogether, a total of \$264,000.00 has been raised over the past four Dirt n Dust events, providing much needed funding for mental health and community programs.

I've entered into this year's Dirt n Dust Rally, with my husband Sam, and I'm hoping to raise as much money for mental health research again this year with a new team mate ☺ See some shots from the 2022 Run below.

This year the blue ford Territory will be dusted off again, and thanks to several local businesses she is repaired, serviced and ready to go. In 2023 she will be known as the Family Truckster for team 'The Griswolds'.

Many towns will be visited with the goal of promoting awareness of mental health issues in our communities. Through Rotary's 'Lift the Lid' campaign, we aim to create awareness of suicide prevention, along with many other Rotary community projects.

Any support (no matter the size) is gratefully received, however all business donations over \$200.00 will be promoted with a business logo on our vehicle. All donations will go directly to the charity.

- All sponsorship is gratefully received and will be included on the 2023 Dirt n Dust Car#25 team page – www.sbrc.net.au/st/85/119

FUNDRAISING

Last weekend we attended the Manjimup Truffle and Wine Festival Farmers Market with the support of Truffle Hill, Bendotti Exporters, Manjimup Farmers Market and Fonty's Hire to sell delicious hot chips with truffle salt and aioli. This was very successful and added over \$900.00 to our fundraising total. Keep an eye out for upcoming Dirt n Dust fundraising.

RANDOM RAMBLINGS—by JOHN HUNTER

Once upon a time, some years ago, a poet of great repute, (Michael Dutt) was jokingly asked if he could make a sentence without using the letter 'e'. He replied:

"I doubt I can. It's a major part of many, many words. Omitting it is as hard as making muffins without flour. It's as hard as spitting without saliva, napping without a pillow, driving a train without tracks, sailing to Russia without a boat, washing your hands without soap. And anyway, what would I gain? An award? A cash bonus? Bragging rights? Why should I strain My brain? It's not worth it. Brilliant!!

And...Odd facts you just need to know

$111,111,111 \times 111,111,111 = 12,345,678,987,654,321$.

A full moon always rises at sunset.

A seagull is able to drink salt water because it has special glands that filter out the salt.

A zebra is actually white with black stripes.

If you were to spell out all the numbers in consecutive order, you would have to count to 1000 before you reached a word that contained the letter 'A'.

In their US space program, NASA reportedly spent \$1 million to develop a pen that could write upside down. The Russians used a pencil!

Scissors were invented by Leonardo da Vinci.

The cruise liner, QE 11 uses 4.5 litres of fuel to move 15 centimetres.

On the islands of Bermuda there are no rivers or lakes. People must use rain for water.

...and that reminds me! I was watching the Bermuda Philharmonic Orchestra just the other night, and the guy playing the triangle disappeared

NEW BUSINESS MEMBERS

We live in times of intense challenge and change. We sense the urgency of the work needed to make the changes that can heal us individually and collectively.

To be unified in hope, love, and wisdom we must first clear the veils of our personal and collective illusions that prevent us from standing firmly in the shadow and the light of our personality selves and take the journey across the rainbow bridge to our Higher Selves, the love that comes from an open, inclusive heart, the wise Knowing of our Higher Intuition, and the connection with our Spiritual will. The determination to take the path in service to others, to the planet. And the determination to live in Hope. All of these are my journey and yours. My path is the Esoteric Wisdom path lit by the teachings of Djwal Khul, Alice Bailey, and many dedicated teachers who translate this path. You may have different teachers or words for the same journey.

Here at the Astrology Collective, we hope to provide you with resources and community that can help us all to grow and share together.

See our Website for more details and to contact us.

"Servicing the South West"

NEW STAFF MEMBER—SALLY McINTOSH

We would like to welcome our newest Staff Member to the Team, Sally McIntosh. Sally is originally from South Australia and moved to Manjimup from Adelaide 7 years ago with her partner Greg, who is a local boy. She absolutely love animals, and thinks they make the best people! Sally has worked in customer service for over 25 years, with the majority being in the hospitality industry. Locally most people would've seen Sally working at Coles, or behind the bar at the Deanmill Workers Club.

Burn SMART – Planned Burning

If you own or manage land in Western Australia it is your responsibility to reduce the risk of bushfire impacting it. This applies to all landholders and land occupiers, including private homes, businesses and government.

One of the most effective ways you can reduce fuel loads and the risk of bushfire is planned burning. Planned burning describes deliberately burning a predetermined area under appropriate environmental conditions to reduce fuel loads (the vegetation and dead plant material that can burn in a fire). Planned burns are undertaken under mild and stable weather conditions so that the fire burns slowly and is controllable with low flame heights.

It is important to note however that you are responsible for any fire you light and, if it escapes, you may be liable for the damage it causes.

Reducing fuel increases the chances of your property surviving a bushfire. The more fuel available to a bushfire, the hotter the fire can burn and the harder it is to control. Flammable material such as leaf litter, fallen branches, dead grasses and shrubs provide fuel for fire, allowing it to grow more quickly and burn at higher temperatures. This increases the likelihood of damage to your property, neighbouring properties and the environment. In comparison, reduced fuel levels assist not only in reducing how quickly a fire can spread, but it also reduces its spotting distance (how far the fire can jump).

Planned burning is a particularly efficient way to remove fuel over larger areas. When used appropriately, it generally results in less environmental disturbance than other methods. Many native plants and animals can also benefit from periodic fire.

For more information on planned burning visit [The DFES website](https://dfes.wa.gov.au/plannedburning)

VOLUNTEER ROUNDUP

- Are you struggling with your Digital Device. We hold group classes on a Tuesday morning from 10am-12pm or you can book in for a 'one on one' with Amber.
- Our Volunteer Directory is well underway and will be in print form and online soon. If you would like your organisation included, give Andrea a call on Monday or Tuesday at the CRC on 9777 2774.
- If you are looking for Volunteers, or are wanting to do Volunteering we can assist.
- Wanting to make new friends and get some exercise at the same time? Join our Walk Group on Mondays from 9am, which leaves from the Carpark at the Heritage Park, opposite the Wellness Centre, then enjoy a free cuppa afterwards.
- On Tuesday afternoons, our Sewing and Knitting group is held and everyone is welcome to come along to learn how to sew or knit, or just for the lovely companionship!
- On Saturday night, four of our lovely volunteers put their hand up and helped at the RFDS Ball, after they contacted us for assistance. Thank you to Evelyn, Amber, Chanaha and Louise. We hear it was a fantastic night and raised much needed funds for the Flying Doctor.
